Docket No. 267053

The Court, acting under MCR 7.203(F)(2), orders that the motion for reconsideration is DENIED. The court rules provide that one must file the delayed application for leave to appeal within 21 days of the entry of the order denying a postjudgment motion that was filed during the initial 12-month appellate period, but decided after the appellate period expired. MCR 7.205(F)(4). This Court informed appointed counsel of this legal tenet and put him on notice that this appeal would be dismissed as premature. Instead of filing a new appeal within 21 days of the entry of the order denying the postjudgment motion, appointed counsel chose to do nothing.
